**Dimos Securiplac presentation by Michael Hitchcox**

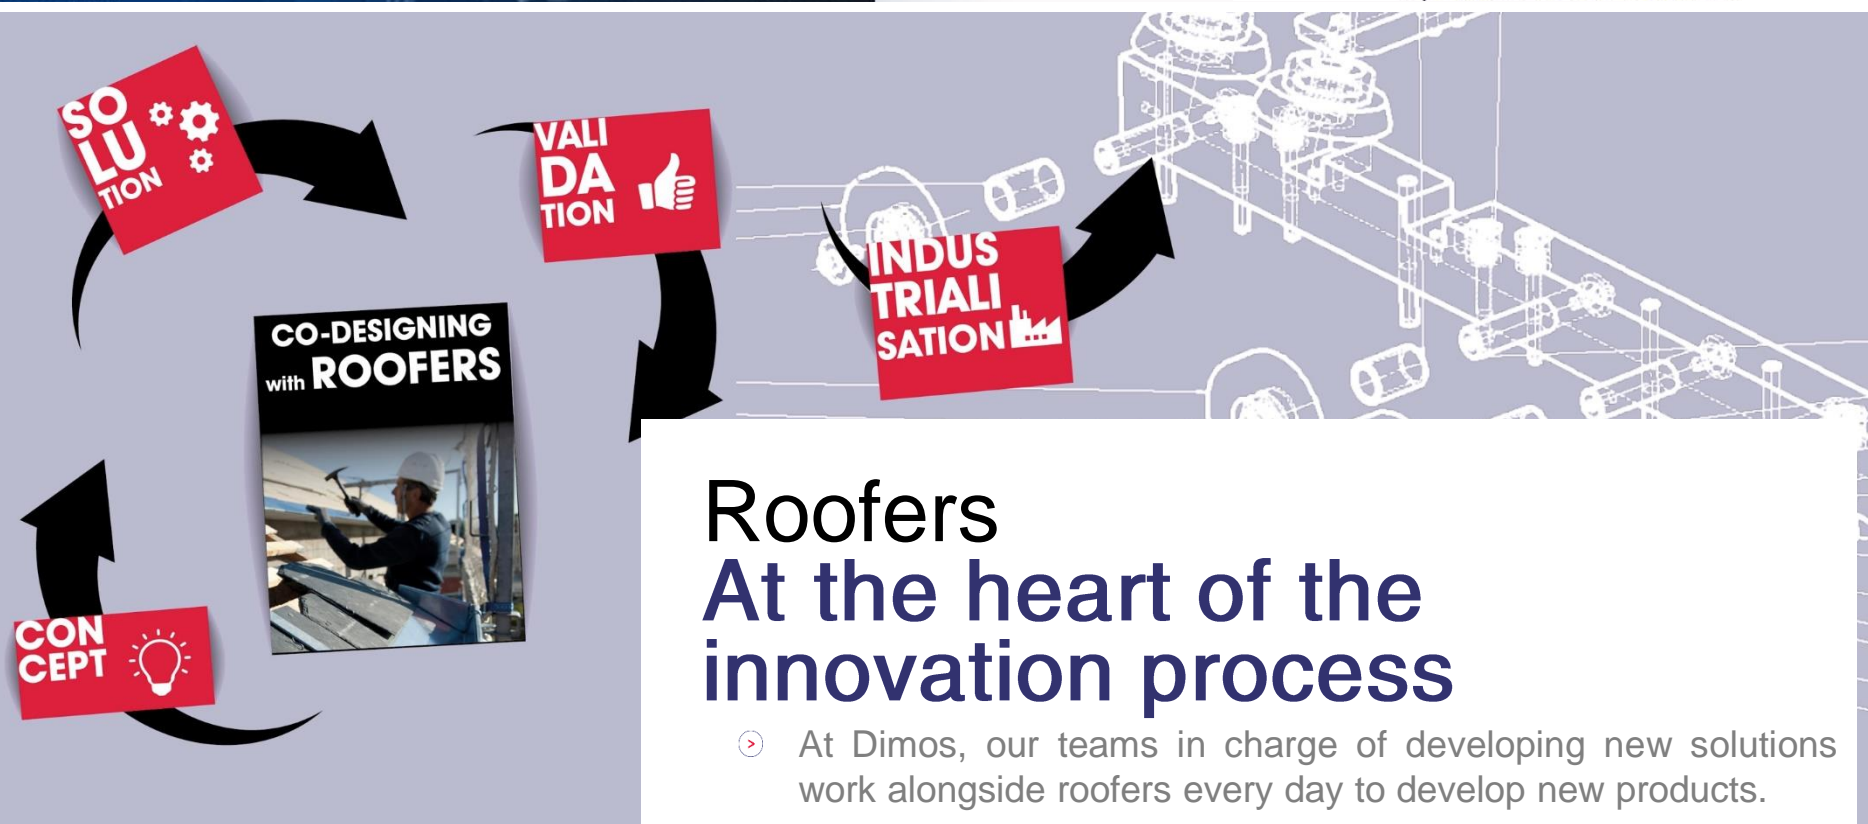

Safety has moved on a bit since the 1960's !

## Our roofing DNA Family business of roofers

For over **3 generations**

- Dimos, founded in 1977 by Michel Goubaud, is a **French family-owned company** specialised in **roofing equipment**.
- The company is today run by his son Sébastien whose background as an engineer has enabled the company to further **industrialize** and expand on an **international scale**.

## Our 4 Centres of excellence

Over the course of 40 years, Dimos has developed its expertise and know-how of the roofing business in four key areas :

- > **Working at heights**
- > **Material processing**
- > **Roofing accessories**
- > **Surface treatment.**

# Working At heights

Collective protection

Safety hooks

Rubble chutes

Securiplac

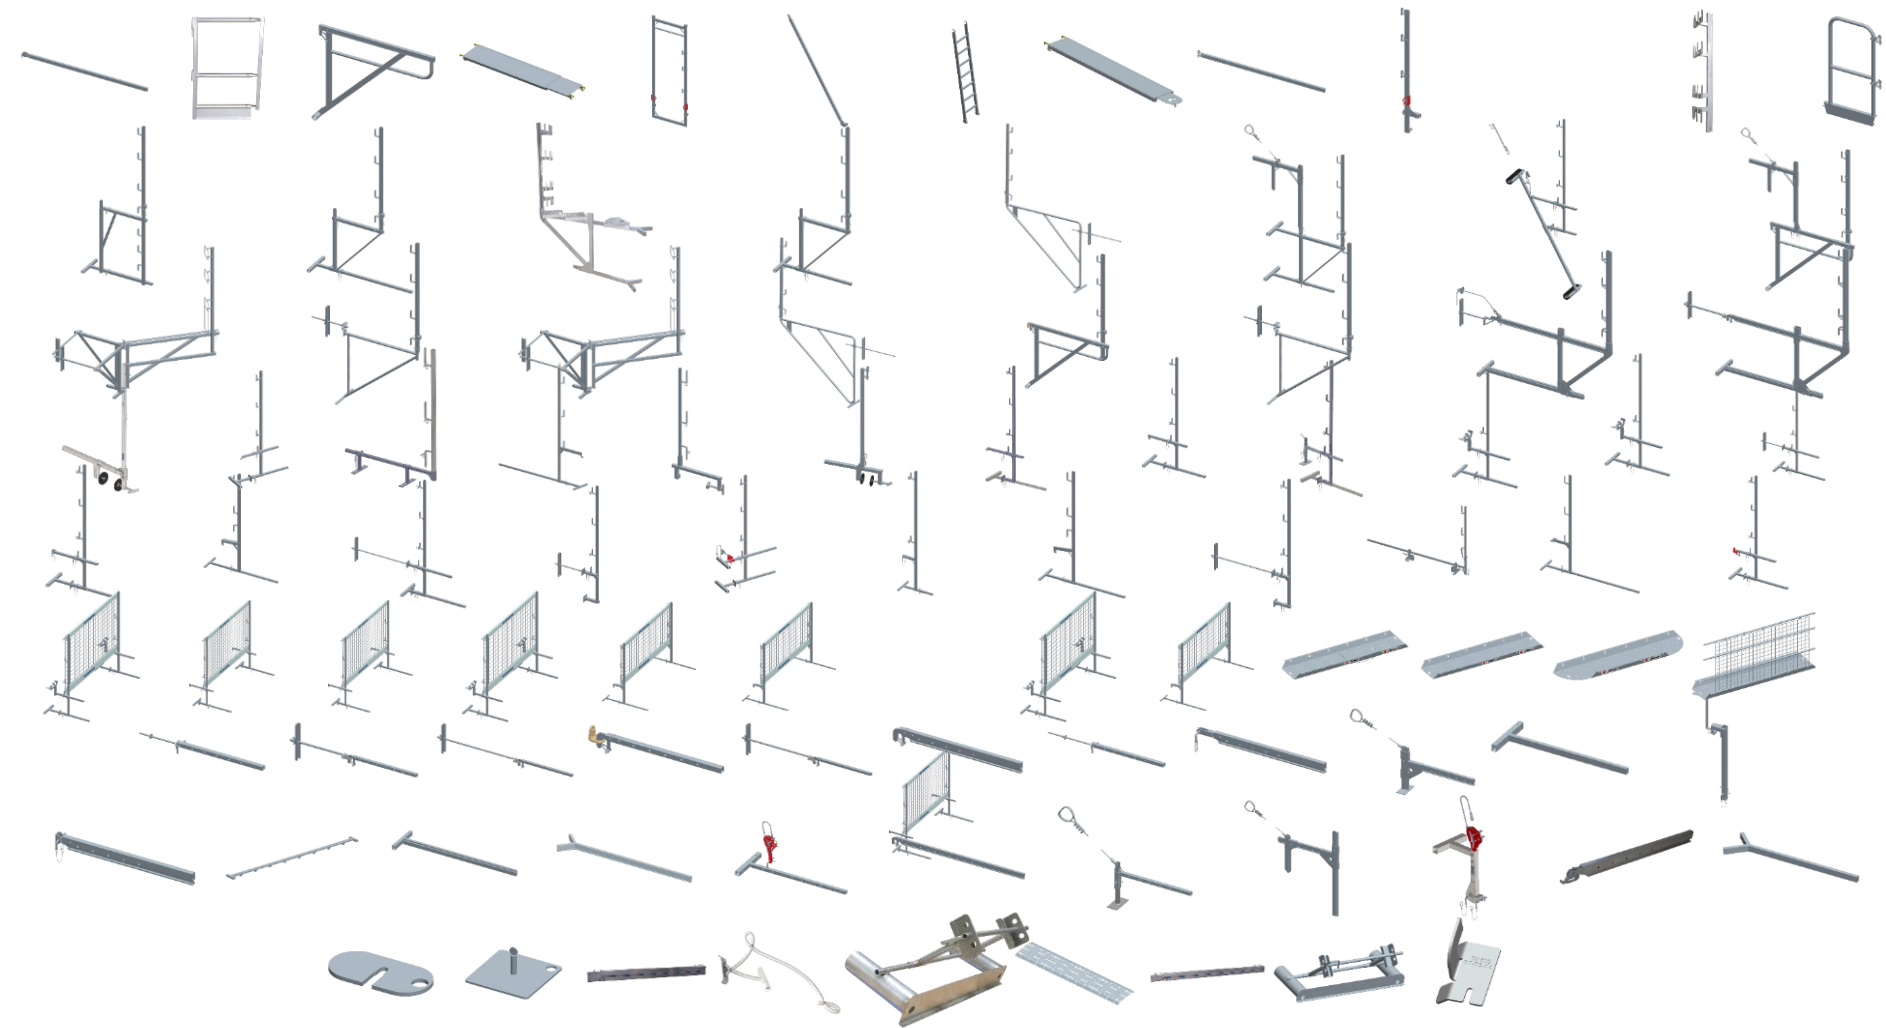

## Working At heights

### Collective protection

- Light and easy-to-erect scaffolding solutions in steel or aluminium designed to reduce storage space and erecting time.
- All our roof scaffolding solutions satisfy the requirements of EN13374 classes A B and C.

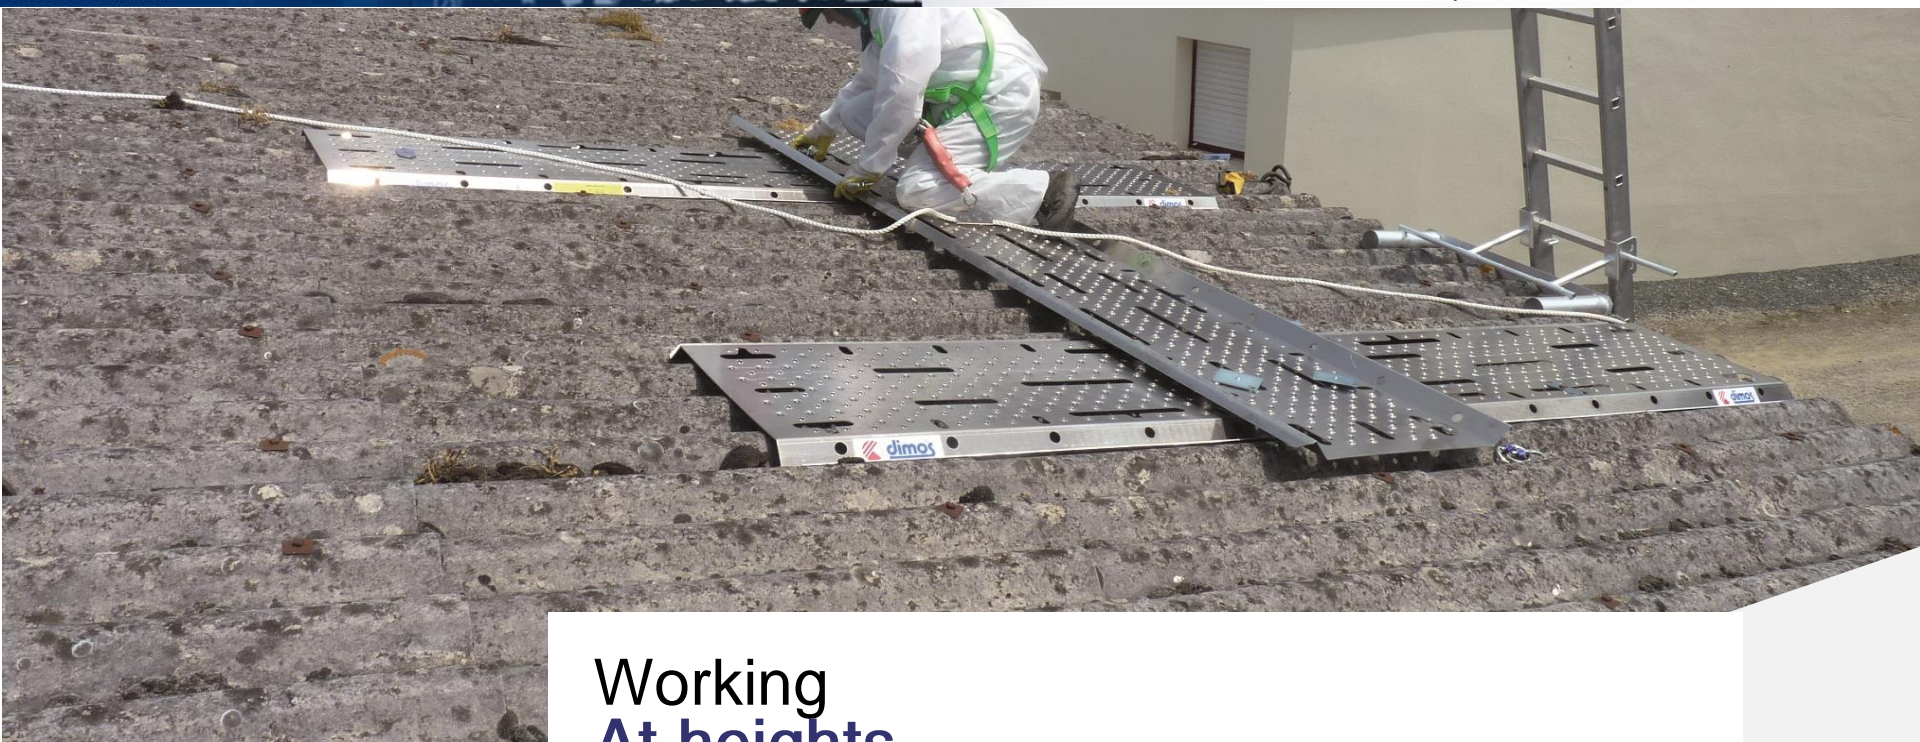

# Dimos Securiplac kit presentation

- especially designed for fragile roofs and asbestos removal
- lightweight, easy to transport and use
- incorporates an EN 795 anchorage point

Working  
**At heights**

**Securiplac**

➤ Securiplac kit to enable Roofers to work safely on fragile roofs.

AGRICULTURAL  
BUILDINGS

INDUSTRIAL BUILDINGS

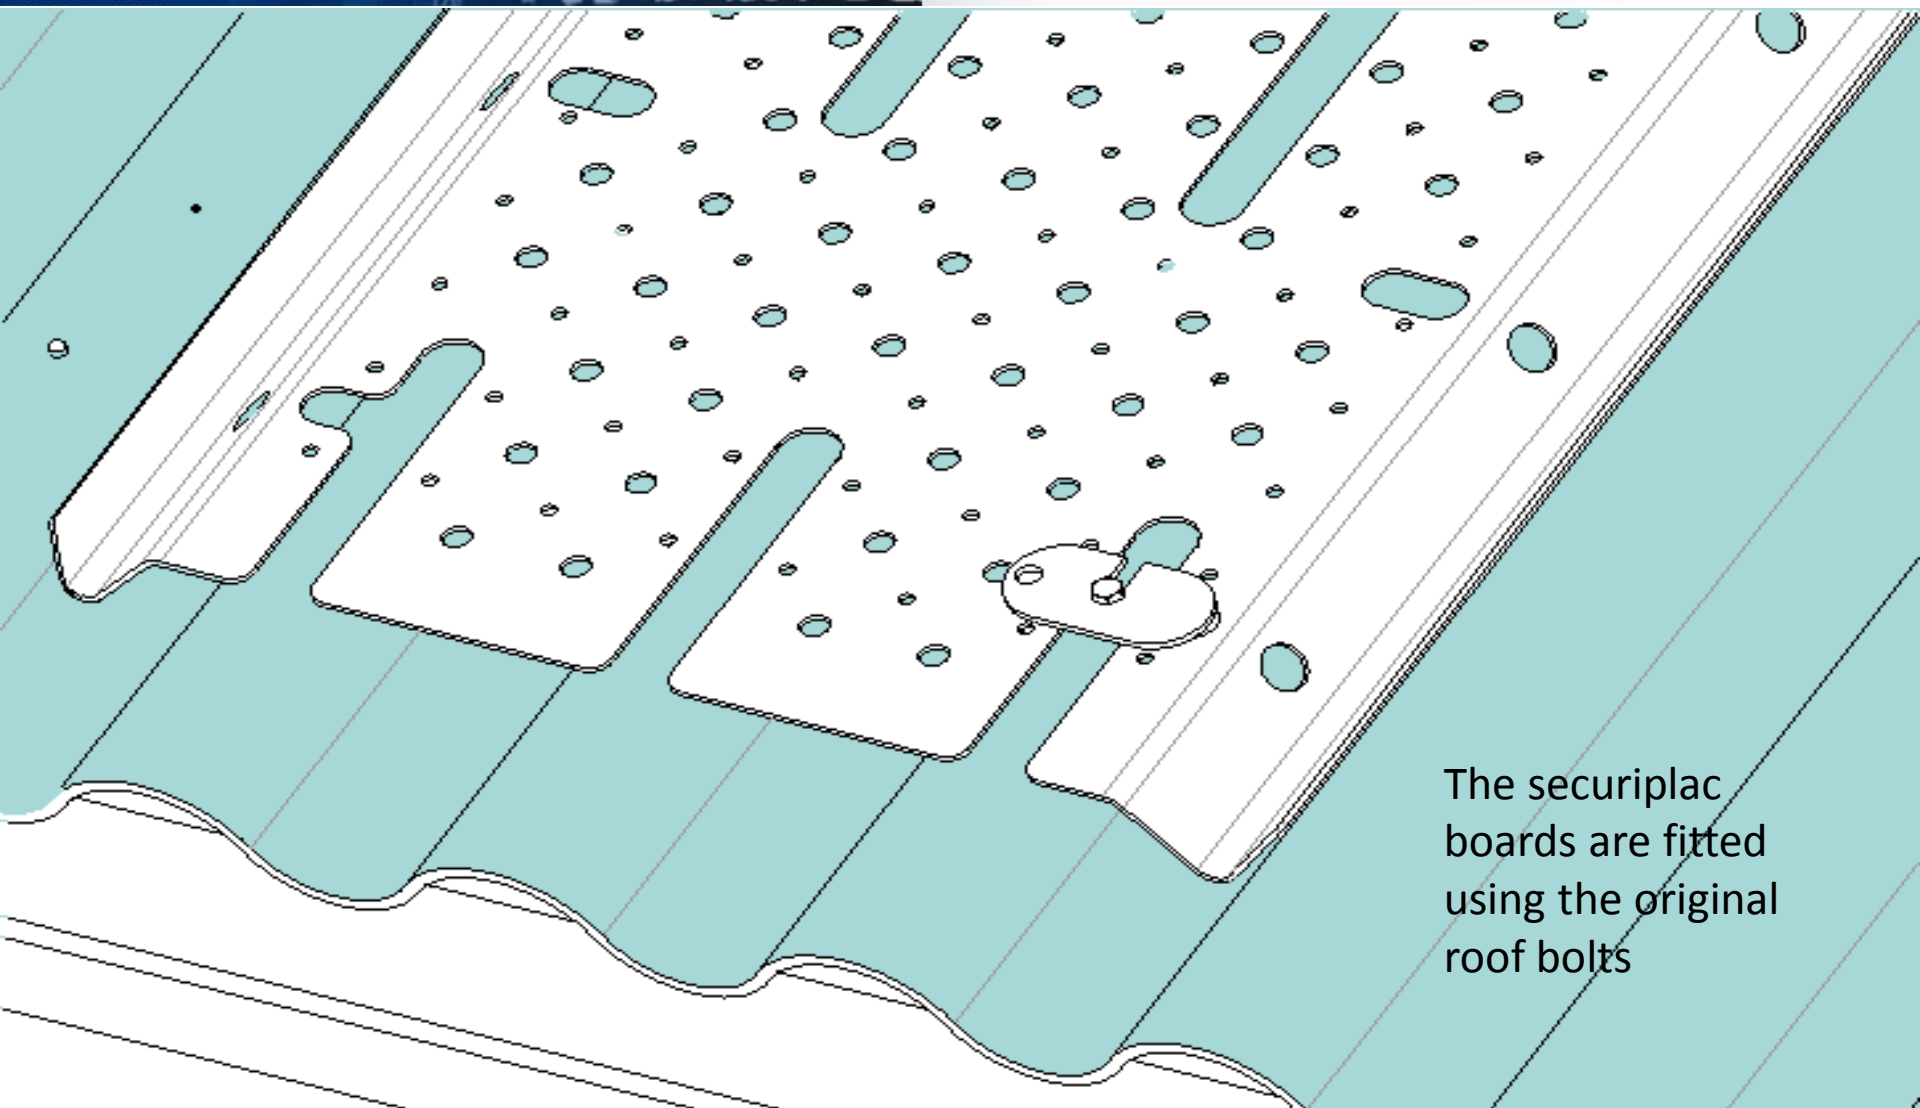

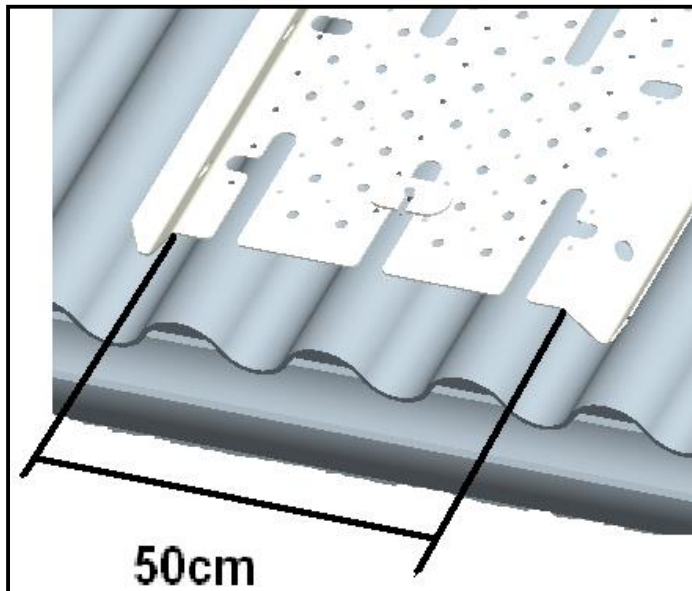

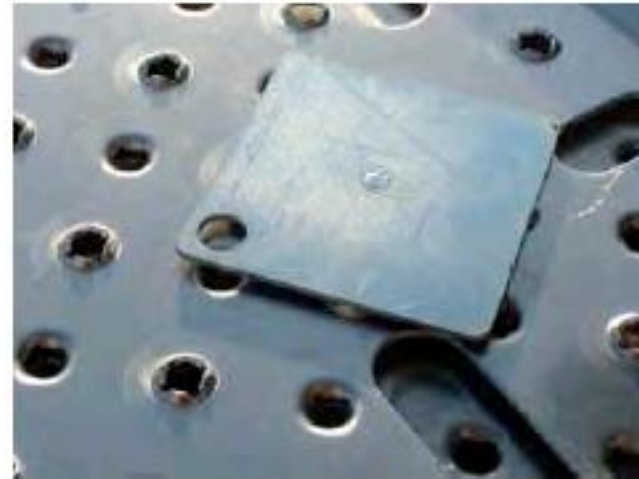

Re-sealing a roof skylight

For working for short periods on  
fragile roofs

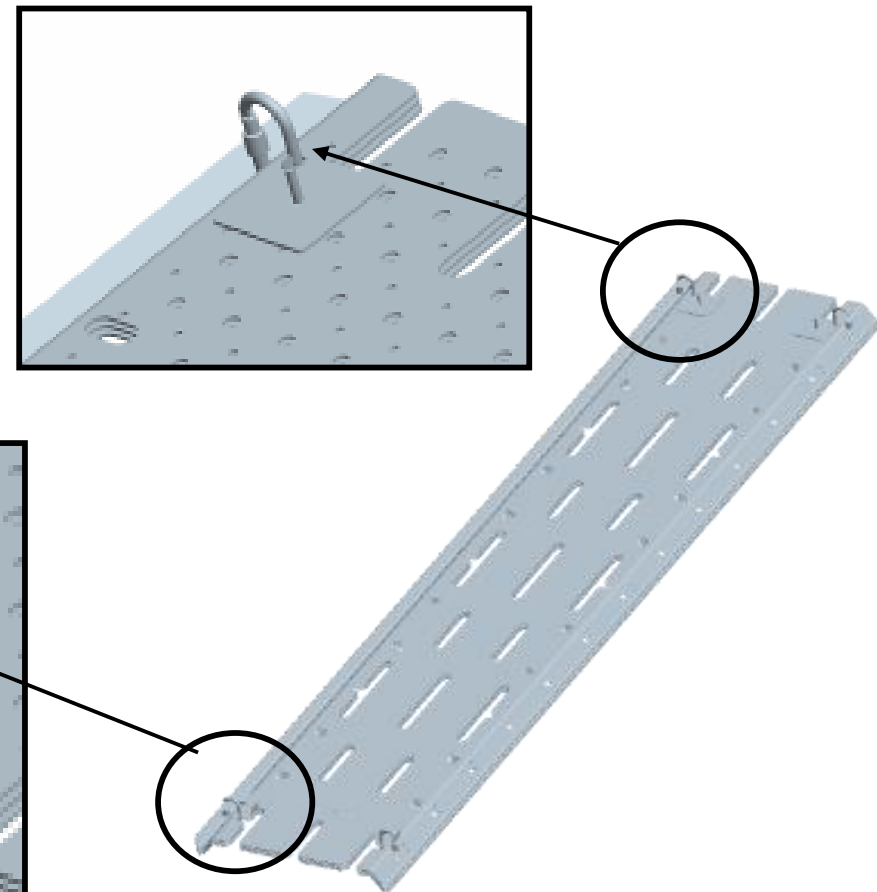

The securiplac  
boards are fitted  
using the original  
roof bolts
